PRODUCT DESCRIPTION

Slim Stereo Network Receiver with HEOS Built-in

Indulge in high-resolution sonic perfection with the Marantz NR1200 slim stereo network receiver that powers detailed, high-fidelity audio from a compact chassis. With a fully discrete amplifier design following the pure integrated amplifier layout and the renowned Marantz sound, the NR1200 is perfect for demanding music lovers wanting both excellent music quality, modern music streaming capability and digital connectivity. Stream music from your favourite services via Bluetooth, Apple AirPlay 2 or the HEOS

Built-in app. Listen to FM/DAB+ Radio, Internet Radio, a wide array of music services, or connect a turntable to the high-quality Phono input. The NR1200 also supports the latest HDMI connectivity with 5 inputs and 1 output, plenty enough to connect your TV by HDMI ARC and your source players including a set-top box, Blu-ray Player or game console. All of this in a sleek design lower than a CD jewel case.

The Modern Stereo Receiver

The Marantz NR1200 stereo network receiver is simple to set up and easily rivals a soundbar for all of your home theatre, delivering superior audio quality, higher power to your choice of loudspeakers and greater connectivity for audio and video sources. Stream music from your favourite streaming services and enjoy voice control from leading agents. Modern and elegantly designed, the NR1200 is the consummate choice for Hi-Fi and television connection.

Latest HDMI Connectivity

Includes 5 HDMI inputs, each one supporting HDCP 2.3, 4K Ultra HD 60Hz video, 4:4:4 Pure Color sub-sampling, HLG, High Dynamic Range (HDR10), 21:9 video, 3D and BT.2020 pass-through. Plus, ARC (Audio Return Channel) supports the transmission of audio from your TV with a single HDMI cable, simplifying overall setup. HDMI inputs automatically rename themselves with information provided by the source.

Connectivity, Streaming & Multi-Room Listening

Stream the most popular music services — like Spotify Free and Premium, Amazon Music, Tidal and many more — via Bluetooth, AirPlay 2 or the HEOS app.

With HEOS Built-in technology, enjoy your favourite music in any room of your home for a wireless, whole-home audio experience. Play the same song in every room or select a different song for each connected room — the choice is yours. Enjoy music from Spotify Free and Premium, Amazon Music, Tidal and more or your local music file libraries. With additional HEOS Built-in components, like HEOS-capable speakers, play all your music in one room or many.
